STATIONERY & SIGNAGE

Studio Collection

SEMI-CUSTOM PRICE GUIDE

welcome

Ever After Stationery is a design studio based in Murwillumbah, Northern NSW. Specialising in elegant and enchanting wedding stationery that celebrates your love story, and your journey from engaged to married. With a signature style that blends thoughtful design, considered colour palettes and whimsical details, we help you to create a cohesive feel – from your save the dates and wedding invitations, through to vow books, welcome signs and all your on the day pieces.

We liaise with top Australian printers and source the finest linen signs, silk ribbons, handmade papers and embellishments, ensuring that every element of your stationery and signage exudes grace, beauty and charm.

This price guide shows the items available within the semi-custom studio collection, and the cost for different quantities. Once you have chosen your favourite design, you can use this guide to decide which items you need and work them into your wedding budget.

Beyond digital colour and white ink printing, you can also upgrade to letterpress, foil printing or embossing. You may like to incorporate our beautiful die-cut shapes for something extra special!

If you need some guidance or are ready to order, simply fill in the custom enquiry form or send an email with what you need.

with love

print methods

We offer a full range of print methods to suit every style and budget, each crafted to enhance the beauty of your wedding day. We'll work in harmony with your venue, theme, and personal taste to create designs that you adore.

DIGITAL PRINTING (MINIMUM 30)

Coloured or black ink printing is the fastest and most economical option. It produces beautiful, vibrant results on a wide range of paper.

WHITE INK PRINTING (MINIMUM 30)

Special white ink printing is used to produce chic and elegant pieces. Suitable for medium to dark card stocks.

FLAT FOIL PRINTING (MINIMUM 30)

Digital Flat Foil applies a thin layer of heat reactive metal foil to the card for a beautiful metallic shine. It is available on a selection of smooth card stocks with white, cream and pastel shades and can have variable details (such as names). It is printed without plastic lamination, so it can be recycled!

LETTERPRESS (MINIMUM 50)

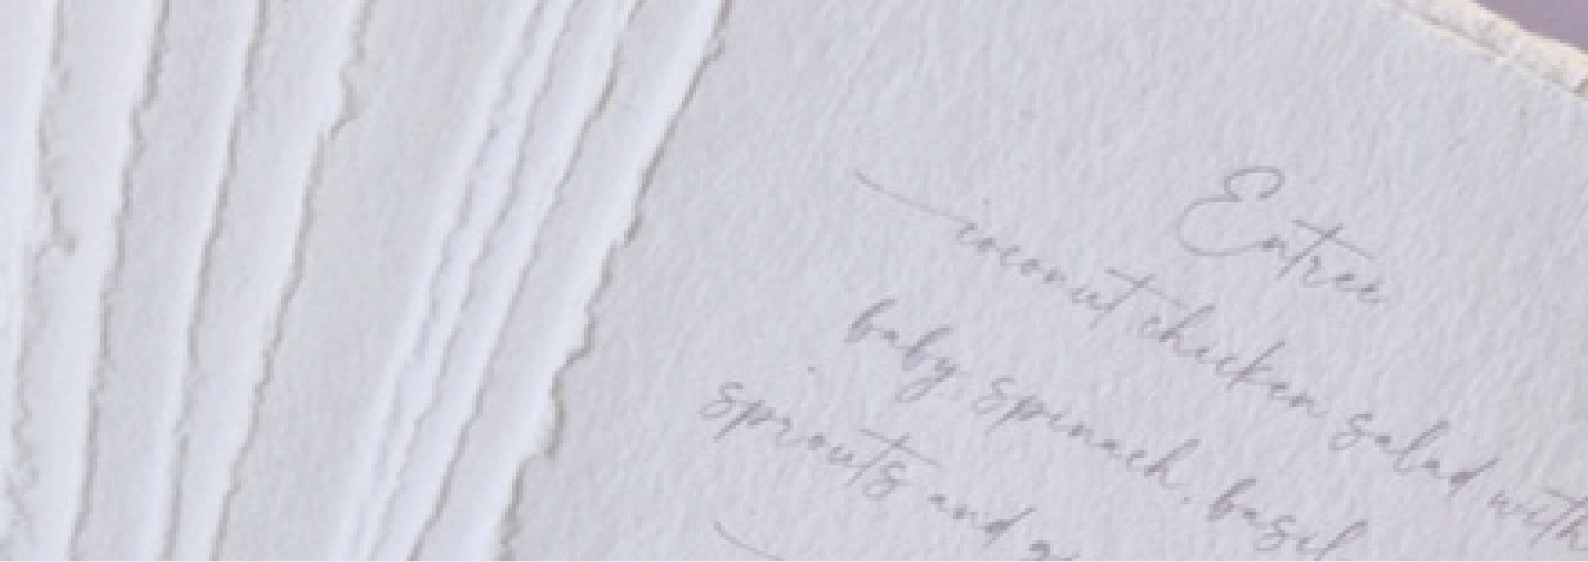

Letterpress is when your card is pressed with an inked metal plate, leaving a gorgeous impression to see and touch. Thick cotton cardstocks (600gsm) ensure the best results. Blind letterpress is a stunning option for design elements such as monograms or illustrations, but for wording it is best to add colour. Letterpress is a more expensive print method due to the skill and time involved. We work with an expert print team who will produce your invitations with the care they deserve.

EMBOSSING (MINIMUM 50)

Similar to letterpress, however the design is pressed into the back of the card, creating a beautifully tactile, raised design. This is a more expensive and time consuming print process.

HOT FOIL PRESS (MINIMUM 50)

A luxurious & ethereal print method. Custom-designed heated plates press shiny, metallic foil into thick paper. It can be combined with digital printing, for guest names or illustrations. The most popular foil colours are gold, silver, rose gold and copper, but there are lots to choose from.

optional upgrades

These embellishments enhance your printed pieces and allow you to fully customise your wedding stationery.

- wax seals
- printed envelope liners
- envelope addressing (front and/or back)
- hand-dyed silk ribbon
- velvet ribbon
- deckle edge cotton paper
- printed belly bands
- invitation pockets
- maps, monograms & custom illustrations

*Reach out if you have any questions
or would like a quote.*

the designs

Semi-custom designs are perfect for couples who have a shorter timeframe or who like to see a full, cohesive suite from save the dates through to seating plans. Choose your favourite design and personalise with your choice of ink and paper colours, colours, embellishments, shapes and print methods.

Once you are happy to proceed with the quote, I will book you into our schedule.

A 50% deposit is required to begin the design process, with the balance being due prior to print production.

I'll create a design proof, outlining the concepts and options available, an itemised invoice and clear timeline, ensuring transparency and ease throughout the process.

colour guide

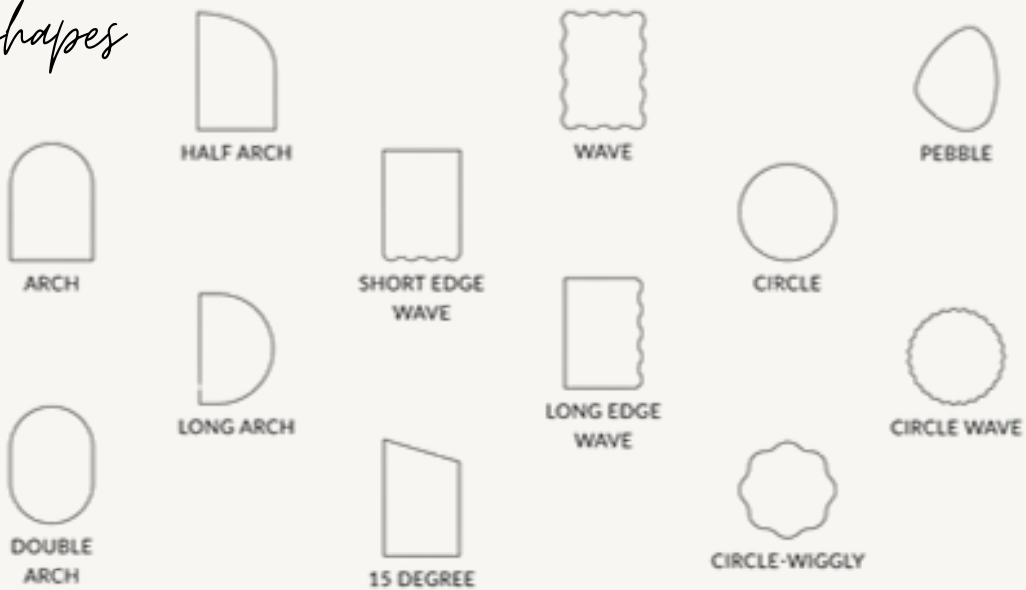

These are a carefully curated selection of card stocks & ink colours. Some have matching coloured envelopes. If you require a colour not listed below, please get in touch as there are many more options available.

die cut shapes

Die cut shapes are a very popular upgrade, with so many shapes and sizes to choose from. They can be used within your invitation design, menus, place cards and signage! Repeat the same shape throughout, or mix and match for an eclectic look.

DIGITAL FILES

Save the date / Engagement	\$55.00
Wedding invitation	\$85.00
Thank you	\$55.00

timelines

Minimise stress and rush fees by planning ahead. If you don't have the recommended time available, please reach out and we'll do everything we can to assist you.

12+ MONTHS

- Choose your wedding date and location
- Organise **save the date cards**
- Finalise your guest list and start collecting their postal addresses
- Send out **proposal cards** (bridesmaids, groomsmen, best man, maid of honour, flower girl, page boy)

6 MONTHS

- Choose a design from our studio collection or fill in the custom enquiry form so there is plenty of time to design, print and post your beautiful **invitations**.

Please keep in mind that production time is around 3-4 weeks once your artwork is approved. Special print methods and embellishments require more production time. And delivery times can vary depending on the time of year.

4 MONTHS

- Time to send your invitations! It may feel early, however some guests will need the time to organise work and family commitments, arrange their travel and accommodation, before they can reply.

TIP: Your RSVP date should be about 1 month prior to your wedding day. This will give you a chance to chase up slow replies (there are always a few!) and finalise details with your wedding vendors.

3 MONTHS

- Arrange your **on-the-day stationery & signage**. These items play an important role in creating a beautiful aesthetic and being helpful to your guests. We can supply you with everything you need - welcome signs, seating charts, table numbers, place cards, menus, vow cards etc...

Finalise these items a few weeks before your big day to eliminate any last minute stress.

AFTER YOUR WEDDING DAY

- Choose your favourite **thank you card** design to send your guests. You can even pre-order these with your wedding stationery and send them out when you return from your honeymoon! Simply choose a favourite photo from your wedding photographer & we can take care of the rest!

a note on shipping

AUSTRALIA WIDE SHIPPING

Shipping times can vary depending on the time of year. Please allow plenty of time for design, production and delivery to receive your items in time for your special event. If you have less than 6 weeks before your event, please get in touch before placing an order. Tracking numbers are supplied for all parcels.

Express Shipping within Australia is **\$25.00** for items smaller than A4.

For signage up to A1 size, shipping is **\$55.00**. If larger signs are required, shipping will be calculated on your final invoice.

Collection can sometimes be arranged within the Murwillumbah, Kingscliff and Tweed Heads region if there is a suitable time.

INTERNATIONAL

For any international enquiries, please email me directly. While I am not currently shipping overseas I may be able to send you personalised, print-ready digital artwork files for you to arrange printing with your local printer.
